

# SEP Success Story: Steinemann Holding GmbH & Co. KG

Steinemann stands for agriculture and livestock breeding, meat and sausage products - and has done so for generations - in four sites in the South Oldenburg region. From product development to delivery, Steinemann goes about its business with passion and expertise.

*"As our focus in the virtualization environment is clearly on the Citrix hypervisor, we need backup software such as SEP sesam, whose strengths include reliable and convenient backup and restore of such environments."*

*Ralf Lenger, Head of IT at Steinemann Holding GmbH & CO. KG*
